STATEMENT FROM SEP 13 TO OCT 12, 2023

5 OF 5

Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 29 year(s) and 8 month(s) to fully repay the outstanding balance. Our estimate is based on the Total Account Balance shown on this statement and your current credit card account terms. This estimate is intended solely to illustrate how making only the Minimum Payment will increase the time it takes to pay your balance and is not a recommended long term repayment plan.

Please Note:

You have missed at least one minimum payment in the past 12 months. If you miss another Minimum Payment, your Annual Interest Rates will increase to 25.99 % for purchases and 27.99 % (1% lower if you reside in Quebec) for cash advances. The increase to your Annual Interest Rates will take effect beginning on the first day of the next statement period after the missed payment that caused the increase to your Annual Interest Rates.
