Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 14 year(s) and 5 month(s) to fully repay the outstanding balance. Our estimate is based on the Total Account Balance shown on this statement and your current credit card account terms. This estimate is intended solely to illustrate how making only the Minimum Payment will increase the time it takes to pay your balance and is not a recommended long term repayment plan.

Notice:

Please review and keep for future reference.
