Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 28 year(s) and 1 month(s) to fully repay the outstanding balance. Our estimate is based on the Total Account Balance shown on this statement and your current credit card account terms. This estimate is intended solely to illustrate how making only the Minimum Payment will increase the time it takes to pay your balance and is not a recommended long term repayment plan.

Please Note:

During this statement period, a transaction or other activity on this account resulted in the credit limit being exceeded one or more times. Your account should remain within the credit limit. Otherwise, we may not authorize future transactions. There are various ways in which RBC can help you manage your account and remain within your credit limit. Contact us or visit [rbc.com/help](https://www.rbc.com/help) to learn more.
